Jonathan Markowski

UX Designer

Design Experience

Freelance | UX Designer - Contractor
Jan '21 - Present | Remote
- Collaborate with clients to ensure their vision will match with my designs.
- Conduct user and market research for their product and service.
- Create high-fidelity prototypes and case studies to hand-off to the clients developers.

AccuWeather | UX Designer - Intern
May '22 - Aug '22 | Remote
- Led discussions for designs I created on several high-profile projects.
- Generated and established comprehensive UX templates to standardize the intial phases during the design process.
- Designed wireframes of the mobile application at three levels of fidelity to aid user flows.

CATA | UX/UI Designer - Contractor
Jan '19 - May '20 | State College, PA
- Facilitated and led close communication between developing team and key stakeholders at CATA in an 8 week period.
- Gathered and evaluated user research by surveying target users (83 responses). Used responses to form prototypes of varying fidelity levels.
- User downloads increased 42% after launch.

Penn State | Digital Publishing Designer - Contractor
Feb '17 - May '18 | State College, PA
- Created over 65 usable textbooks in a digital format for students and professors.
- Designed and formatted digital college textbooks using PHP, HTML, and LaTex.
- Researched and compiled openly licensed content for textbooks at big ten schools around the country.
